- While the State of Qatar emphasizes its firm position towards the preservation of Syria's sovereignty, the evident momentum and enthusiasm are rather missing with regards to brotherly Arab States whose legitimacy and sovereignty are being violated, either by illegitimate forces or by forces financed, regrettably, by Arab States, and without the request of the legitimate Government, and with no reaction by our Council, providing justification for the intervention of Arab States in the internal affairs of other Arab States under the pretext of self-protection from terrorism, while criminalizing other States for doing so, thus manifesting a policy of double standards. Therefore, the State of Qatar has registered its reservation on Paragraph (4).
 - The Permanent Delegation of the Federal Republic of Somalia has only registered its reservation to the condemnation of a certain country and not others; and reiterates the importance of preserving the sovereignty, unity and territorial integrity of Syria in accordance with international instruments and laws.
 - Note: Lebanon emphasizes the policy of dissociation from internal conflicts in brotherly Arab countries, and calls for adopting consensus political solutions for preserving the unity, sovereignty and stability of Arab countries and meeting the aspirations of their peoples.
 - The State of Libya has registered its reservation to this resolution.

- The Republic of Djibouti registers its reservation on this resolution.
 - The Federal Republic of Somalia registers its reservation on the resolution, while emphasizing the importance of preserving the unity, sovereignty and territorial integrity of all Arab lands in accordance with international charters and laws. It encourages the opening of diplomatic channels of communication with Turkey to coordinate on means to combat armed groups that undermine peace and security in the region.
 - The State of Qatar registers its reservation on the resolution entitled "Turkish Interference in the Internal Affairs of Arab States".
 - The State of Libya emphasizes its firm position towards respecting the sovereignty of the Member States and non-interference in their internal affairs, and expresses its great surprise towards the policy of double standards in dealing with the interferences in the internal affairs of Arab countries, whereby the interference by an Arab country in another Arab country's affairs is being justified, and which in Libya reached the level of direct aggression in the form of aerial bombardment that led to civilian loss of life and targeting of state institutions, airports and civilian facilities, and also exposes double standards in referring to Turkey by name and accusing it of interfering in the internal affairs of Arab States and ignoring the interference of other foreign states in Libya as documented by the reports of UN expert panels. Accordingly, and in rejection of employing Arab League resolutions as a means to settle scores and political disputes of some member states with states outside of the Council, and given that the resolution considers the support of the Turkish Government to the legitimate Government in Libya as interference despite the fact that it was so requested on the basis of a memorandum of understanding signed between both sides, the State of Libya registers its reservation on the entire text of this resolution.
